Special Conditions

1. This solicitation is a percent discount from AutoQuotes (AQ) subscription-based services. Vendors must subscribe to this service via <https://aq-fes.com/>. ASC will consider AQ pricing on original manufacturers submitted and any new manufacturers submitted during the contract period.
2. If multiple discounts are offered, please provide the minimum discount offered for all manufacturers. Ranges are not allowed in the system. Vendors must provide a Manufacturer Line Card listing all proposed manufacturers and their percent discount.
3. Vendors agree to provide supporting documentation to include all quotes to members for analysis and audit purposes. Vendor also agrees to provide Manufacturer Published Price List (MPPL) from subscription service with dates stated in the period goods and/or services will be performed.
4. Vendor may be required to provide a payment and/or performance bond to member. Bonding is a pass-through cost and should be itemized on the job quote. Any required permit is also a pass-through cost and should be itemized on the quote.
5. Vendor must provide licensing or employee credentials to member upon request.
6. Potential vendors should be able to provide design and installation of a food facility. This may require vendor to perform all functions as a prime contractor to ensure the project meets any needs of the member.
7. Offeror will provide comprehensive training on the operation, use and testing of purchased equipment to personnel selected by the member. This must be included with the purchased equipment at no additional cost.
8. Contractor shall furnish all personnel, parts, materials, test equipment, tools and services at no additional cost.
9. All equipment and materials should be new and free from defects for the purpose intended.
10. Only equipment / parts / products found on AutoQuotes (AQ) may be quoted and sold under this contract.
11. Quotes provided to members must include product information as found on AutoQuotes (AQ) for easy pricing/information verification.
